MEMORANDUM FOR: Colonel James H. Macia, Jr., USAF,  
Air Force Member, Utilization Advisory Board

SUBJECT: Sanitized Photography of the Middle East

REFERENCE: Your Memorandum THO 452-8, Same Subject,  
Dated 28 February 1958

1. This memorandum is in reply to yours, referenced above, reporting procedures instituted by the United States Air Forces, Europe, for the utilization of CHES photograph of the Middle East in the event of hostilities.

2. It is apparent that such use would fall within the provisions of the Talent Control Manual, Paragraph III G, Emergency Authority, and that the sanitization procedures instituted by USAFE for implementation of this authority constitute a protection of source. It is accordingly made a matter of record.

3. It is further noted that the sanitization procedures described in your paragraph 2a are similar to those previously approved for Army and Navy sanitization of specific Middle East material.
